

VEHICLE CONSIGNMENTS

In order to consign your Vehicle at the auction you need to provide:

Current Alberta Registration • Proof of Ownership • Valid Driver's License

Consignments are accepted daily as follows: Mondays, Tuesdays, Wednesdays and Thursdays from 9:00 A.M. to 5:00 P.M. Fridays 9:00 A.M. to 6:00 P.M.

All vehicles 8 years or newer consigned at Osman Auctions will include a mandatory CarProof Claims or CarProof Vehicle History Report for each consignment.

When you bring in your vehicle you will be required to sign a statutory declaration declaring any liens or encumbrances on the vehicle, as well as the status of the vehicle that will be confirmed by a CarProof Report. Should there be a lien on the vehicle you will be authorizing Osman Auction Inc. to contact any valid lien holder on your behalf and authorizing the lien holder to provide all pertinent information on your behalf to Osman Auction Inc.

Please Note: If your vehicle is registered in a province other than Alberta we do require a lien search from that province at time of consigning. We can also accommodate this process for you but there would be an additional fee for this service.

When consigning your vehicle you may instruct our staff to place **"SELL"** on your consignment contract and your vehicle will be sold to the highest bidder on an Unreserved Basis. This will be announced at the point of sale numerous times by the auctioneer. Vehicles offered on an Unreserved Basis tend to draw more attention from potential purchasers. There are not any additional charges such as **"No Sale Fee or Entry Fee's"** if you place your vehicle to **"SELL"** to the highest bidder.

When consigning you may also place a minimum price **"RESERVE"** on the vehicle (protecting it from selling below the minimum price you have indicated) we automatically sell within \$50.00 of your set minimum price. We will call you on bids accomplished close to your minimum price received in open bidding from the auction process. This allows you the option to accept or reject the bid obtained. Please consult with one of our customer service representatives as we have extensive historical vehicle sales information available to assist you in the evaluation process of your vehicle.

Auction Commission: 10% of the gross selling price or a minimum of \$65.00 whichever is greater.

Auction Entry Fee for the First Auction: Eight Model Years to Current \$50.00, Nine Model Years and Older \$20.00

Auction Fees after the First Auction: \$40.00 per auction sale entered.

Please note your vehicle will be **automatically rebooked** for each upcoming auction until you physically attend the auction to withdraw your vehicle and pay all outstanding fees. After three auctions if your vehicle is still not sold we would recommend that you consider lowering your posted reserve.

Payment of the sale proceeds, **net of the auction commission and service fees**, are up to 6 business days from the sale date of your vehicle.

Toll Free **877.257.SOLD (7653)** | Phone 780.777.7771 | Fax: 780.469.5081
